**HARBOUR TO HAWKESBURY
SYDNEY**

Financial Counselling is a free, confidential and flexible service – *there are always options.*

Are you overwhelmed by your financial situation, creditors, or need help creating a budget?

Our Financial Counsellors are here to help.

We have an experienced and qualified team of male and female Financial Counsellors who:

- Are non-judgemental and independent
- Listen to your story in a caring manner
- Provide a professional and supportive service
- Are not financial planners, financial advisers or tax agents
- Offer appointments by phone, face-to-face or online

With your consent, we can advocate with creditors on your behalf, help explore your financial options and provide referrals, including personal counselling and pro-bono lawyers for legal advice.

Financial Counselling also available in Mandarin
